YOUR SELECTMENS' NARRATIVE

We take this opportunity to welcome to Stoddard our new neighbors, and to give them a little of our Town's history.

Stoddard was granted in the year of 1752, incorporated in 1774 by Governor John Wentworth, and settled by a few hardy men and families. Living in the early years was rugged, however, these folks turned to lumbering, farming, and later to glass-making. Stoddard glass is well-known and has a high antique value. The bottles, inkwells and other glass items made in the Stoddard factories are now very rare and therefore much sought after and quite valuable. Several articles about Stoddard glass appear in leading books on this subject.

At one time the population of Stoddard was larger than that of Keene. In the earlier days we had fourteen schools covering the entire township. Today we have one of the few remaining "one-room" schoolhouses of which we are very proud. This we endeavor to keep in up-to-date condition, and this past year have put a new floor in the schoolhouse and new tile floors in "His" and "Her" rooms.

The Stoddard Congregational Church (*see picture insert*) was built in 1836 and is a wonderful example of old New England architecture.

Our Fire Department is second to none in the state for the size of the town. This department is composed entirely of volunteers who are well-trained in the use of our modern F.W.D. truck and other equipment. Thru public donations we have added a Resuscitator to our Town equipment. This is available for use in any emergency.

We are also fortunate in having an unusually fine Library, equal to many found in larger towns. It is regrettable that more do not avail themselves of the opportunities it presents. Anyone interested in the history of Stoddard will find here books containing much valuable and interesting information.

A great deal of credit is due to those of our townspeople who work hard and long, keeping grass mowed and grounds well cared for, to give our town that "well-groomed" look. We may well be proud of our town's appearance.

Our cemeteries also come in for praise. With limited funds, the trustees are certainly doing a good job. A fine new gate has made a great improvement at the entrance of the New Cemetery.

The T. R. A. (Town Road Aid) money has been used this year to finish the road at Granite Lake, the McClure road has been rebuilt, and we hope, that with funds available, we can extend our work on the Shedd Hill Road. Our roads in general are in fine condition. Due to the hard work of our Road Agent and his crew, we are keeping our roads in constant repair and making improvements.

Real-estate-wise, we have come a long way this year. The construction of new camps at Granite Lake is progressing rapidly. Within the next couple of years there will be a larger population at the Lake. There has also been a steady increase in building around Highland Lake. A new development, still in its infancy, bids fare to be one of our best developments. This is at Center Pond.

We were very fortunate to receive from Mrs. Bertha Anderson a gift of a large plot of land (200 x 200) for the use of our highway department. The town plans on erecting a highway department building on this lot in the near future.

A second gift of land was given to the town by Mr. Balcom Goodspeed, on which we have built a large water hole for the protection of the property owners in the upper village. These two gifts were very generous gestures for which we wish to thank Mrs. Anderson and Mr. Goodspeed.

This year the town has realized a substantial amount of money on the sale of two items: the old tractor which netted the town \$300.00; and eight parcels of land which have been on the red side of the ledger netted the town \$1,356.00.

Your Selectmen have given a great deal of time and have worked conscientiously together to make Stoddard a better place in which to live. We are sure you will be glad to know that the Stoddard Annual Report for 1955 which was entered in the New Hampshire Municipal Reports contest, won first place in its division (population under 500). As a first place winner we were entered in the New England Regional Contest which includes all of the New England states. We have just been notified that the Stoddard Report placed first here also. We believe that recognition of this type brings much favorable attention to our Town.

REPORT OF TRUSTEES OF TRUST FUNDS

Considerable progress was made during 1956 in the work of putting the New Cemetery in proper condition. The new gates were made and installed with the funds appropriated at the March Town Meeting but the stone walls on each side must be extended to the gate posts and the driveway completed. The burial plots which have been sold should be graded and seeded and the walks put in around them.

Except in the Old Cemetery where the brush needs special treatment, the usual cleaning of Cemeteries was accomplished and the grass mowed.

The following is a summary of expenditures during the year:

The Trustees have made no purchases of new books this year, and have discontinued one magazine subscription, because of the apparent lack of interest in the facilities available at the Library. Under the conditions the expenditures did not seem warranted.

Library funds are sufficient and the Trustees will use them whenever interest is shown. We will welcome any suggestions made to improve the services or to encourage the use of those available.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stoddard:

My third annual report is herewith presented with pleasure. As many of you already know there have been some changes made in the Stoddard school for the school year 1956-57; both in the physical plant and teaching personnel.

In January of last year Mrs. Fullam presented the school board with her resignation, due to ill health, to become effective in June. We were very fortunate to be able to obtain the services of Mrs. Marjorie McMahon to replace her.

At the last district meeting an appropriation of one thousand dollars was voted by the district to repair the floor of the school house. Conditions were found not as bad as we had feared and a very beautiful floor was laid during the summer well within the appropriation.

In September the school registration was as follows:

Grade 1-3	Grade 5-1
Grade 2-1	Grade 6-0
Grade 3-2	Grade 7-4
Grade 4-3	Grade 8-2

Total 16

This number may fluctuate one or two in either direction during the school year. However, the total seems to remain rather constant. Our per pupil cost for elementary pupils was \$418.18 during 1955-56.

This figure, although a little higher than most central schools, is low enough to offset the cost of transportation plus tuition to another school.

There have been many accomplishments in the school physical plant in the past few years. It may now be the time to give some thought of providing a safer playing area for those who play baseball.

It has been a pleasure to serve the school board and the people of Stoddard and I wish to express my appreciation for their cooperation.

Respectfully submitted,
Norman R. Hartfiel
Superintendent of Schools
